Creative Front-End Developer with 2+ years of experience crafting user-centric web experiences. Successfully implemented a new UI design that **increased user engagement by 20%**, utilizing **ReactJS, JavaScript, CSS, and HTML**. Passionate about building visually appealing and interactive interfaces that drive user satisfaction. Eager to leverage my strong technical skills and problem-solving abilities to contribute to a dynamic team seeking a highly motivated front-end developer.

PROFESSIONAL EXPERIENCE

Infosys – Hyderabad   **Nov-2021-Present**

System Engineer

- Developed and maintained internal applications critical to the client's business operations, ensuring their reliability and functionality.
- Collaborated with cross-functional teams to understand specific requirements and delivered customized solutions, enhancing productivity and efficiency.
- Provided ongoing support, addressing technical issues, and optimizing applications to meet evolving business needs.
- Received the prestigious Pfizer Champ Award in recognition of outstanding performance, underscoring my commitment to excellence and my significant contributions to the company's success. This award highlights my dedication and impact within the organization.
- Utilized a diverse tech stack including JavaScript, React.js, CSS, HTML, .NET, SSIS, Java, Python, and SQL to develop and maintain applications throughout the Software Development Life Cycle (SDLC). Additionally, leveraged JIRA for project management and issue tracking, ensuring efficient and organized development processes.
